

Titan[®] Rails Specifications

Titan Rails are designed to provide extra security to your cargo when transporting items using the Titan Tray. The bolt-through design adds ultimate strength and infinite cargo securing options, without compromising the aesthetics of the tray.

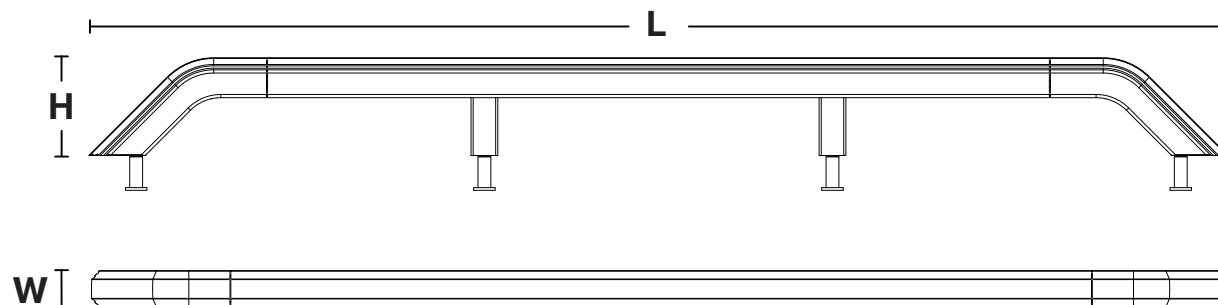

Heavy-duty construction: Lightweight anodised aluminium with glass reinforced nylon corner pieces provides extreme strength without excessive weight.

Rail Mounting: Unique bolt-through design for increased strength and secure attachment.

Go from flat tray to basket: Adding Titan Rails to your Titan Tray creates a basket* that provides additional security for your cargo.

Critical tie down points: Tie-down points where you need them, when you need them. By installing Titan Rails you can rest assured knowing that you will always have tie down points sufficient to secure your load.

Warranty: Titan Rails come with a 5 year warranty.

Rail Part Number	Weight	Supports	Length	Width	H (Installed)
F TSR12	2.3 kg	2	1060 mm	43 mm	91 mm
F TSR15	2.7 kg	2	1460 mm	43 mm	91 mm
F TSR18	3.4 kg	3	1760 mm	43 mm	91 mm
F TSR20	3.7 kg	3	1960 mm	43 mm	91 mm
